

# Salesforce Vlocity Training

**SV Tech Soft** provides **Vlocity Online training** course is good and gets through a lot of material and detail explanation.

Vlocity is a new industry accelerator on top of Salesforce, and it provides a great deal of functionality that will significantly reduce your customization effort within Salesforce.

**Salesforce Vlocity** is the pioneer helping many top companies achieve their desired progress using its Omnichannel processes. Vlocity, present on the Salesforce platform, uses Omniscript technology to enhance the CPQ and Guided selling. Vlocity also makes a better understanding of CMT, health, and insurance domains.
